10M AHD 4 PIN VEHICLE CAMERA CABLE

Model Number – DIN-10

Short Description

This is a *10M AHD 4 PIN DIN Camera cable*. Please note when selecting AHD (Analogue High Definition) Monitors and cameras, ensure the cable which connects the two are AHD compliant. AHD has a thicker and shielded inner copper core specially designed for our systems.

Description

Ideal for *cars, buses, trucks, forklifts, agricultural vehicles, heavy machinery, tractors, trailers, caravans, semi-trailers, horse floats* and so much more.

1080P AHD is double the resolution of standard 600TVL reversing cameras. High resolution AHD monitors and cameras demand higher quality connection cables. Available in 5,10,15 and 20m lengths which can be linked if required. These cables are waterproof and with 4 inner connecting pins, power video and audio it transmitted through the same lead.

One end of the cable connects to the camera and the other end to the monitor. Each connection as pictured has a screw thread which keeps the cable ends tight and secure.
